

Product Range Changes

Lithium batteries 12,8V/25.6V Smart

www.victronenergy.com

Models available until sold out

- 12,8V/90Ah, PN: BAT512090410 (last sale expected 2019 Q1)
- 12,8V/100Ah, PN: BAT512110510 (last sale expected in 2018 Q2, this model was only recently introduced)
- 12,8V/160Ah, PN: BAT512116410 (last sale expected in 2019 Q4)

Date: 03-05-2018

Rev.: 03

See E-Order for availability, note that the actual last sale date may vary widely from above mentioned dates.

New models:

- 12,8V/100Ah, PN: BAT512110610, replaces the 90Ah.
- 12,8V/150Ah, PN: BAT512115610, replaces the 160Ah.
- 25,6V/200Ah, PN: BAT524120410, new model.

Table highlighting the differences

See [the full datasheet](#) for details. It contains both the old and the new models.

Differences	End of life models			New models		
	12,8V/90Ah BAT512090410	12,8V/100Ah BAT512110510	12,8V/160Ah BAT512116410	12,8V/100Ah BAT512110610	12,8V/150Ah BAT512115610	25,6V/200Ah BAT524120410
Dimensions (hxxwxd) mm	249x285x168	249x285x168	320x338x233	197x321x152	237x321x152	317x631x208
Weight kg	16	18	33	15	20	56
BMS cables	One on each side			Both on one side		
Capacity						
Nominal energy @ 25°C*	1152Wh	1280Wh	2048Wh	1280Wh	1920Wh	5120Wh
Comment						
		Was only available very shortly		May 2018	May 2018	May 2018

*Discharge current $\leq 1C$

Old: one BMS cable on each side
